

Mustafa Berat Berber

Backend Developer

Izmir, Turkey | +90-533-218-3511 | [Website](#) | berat0berber@gmail.com | [LinkedIn](#) | [GitHub](#)

Education

Dokuz Eylul University

October 2023 – Present (Expected June 2027)

Bachelor of Science in Computer Science

Izmir, Turkey

- **Relevant Coursework:** Data Structures & Algorithms, Database Management Systems, Object-Oriented Programming, Operating Systems, Computer Architecture

Projects

Yet Another Finance Tracker | [Github](#) | *ASP.NET Core, PostgreSQL, Azure* November 2025 – December 2025

- Built **14 RESTful API endpoints** and backend services in **ASP.NET Core**, implementing **JWT authentication** and **role-based authorization**, deployed to **Azure App Service** via **GitHub Actions CI/CD** pipeline
- Designed **user-scoped data architecture** isolating each account's transactions by authenticated ownership
- Implemented **bank-specific parsing pipelines** for Excel statements, handling inconsistent column mappings, date formats and validation rules
- Performed **database schema design**, query logic and transaction-safe storage in **unified 8-table PostgreSQL schema**, optimizing for clean inserts and consistent data integrity hosted on **Supabase**
- Containerized application with **Docker Compose** for single-command deployment
- Load tested locally with **k6** simulating **100 concurrent users**, processing **26,400+ requests** at **192 req/s** peak with **0% failure rate** and **p95 latency of 69ms**

Experience

Intern

February 2026 – March 2026

QNB Turkey

Remote

- Developed professional competencies in **business communication**, **analytical thinking**, **decision-making** and **collaborative problem-solving** through intensive training program
- Demonstrated stakeholder engagement and **active listening** by working with senior management and banking professionals to gain insights into industry practices and career development in financial services

Volunteer Experience

Career Commission Representative

October 2024 – June 2025

Dokuz Eylul University

Izmir, Turkey

- **Collaborated** with Department of Computer Science to launch Career Commission, organizing **6 career-focused events** for **90+ CS students** covering graduate studies, job search strategies, and AI skill development
- Designed all promotional materials and coordinated speaker logistics to support consistent departmental outreach

Technical Skills

Languages: C#, Python, SQL

Frameworks & Libraries: .NET Core, ASP.NET Core, Entity Framework Core

Developer Tools: Docker, Git, GitHub Actions, Azure, Supabase, Linux, Postman, k6, Claude Code

Databases: PostgreSQL, MSSQL

Architecture & Practices: Clean Architecture, RESTful API Design, JWT Authentication

Certificates

- **Microsoft Certified: Azure Fundamentals (AZ-900)** — July 2026
